J E T T E N D E R S

THE WORLD'S LEADING JET TENDER SPECIALISTS

Williams are the tenders of choice around the world because they work beautifully. Blending pure pleasure with practicality, getting from ship to shore has never been more stylish. Or more fun.

Push the throttle forward and feel the surge of adrenalin, thanks to the safe, versatile jet propulsion system. One day it's a high-performance ski boat, the next a smooth coastal cruiser. And at the end of every unforgettable day, it'll slip easily back into its garage or onto deck, because all our tenders are designed to work with the world's finest yachts.

THE TENDER OF CHOICE

Many of the world's leading yacht builders recognise the crucial role that a tender plays in their customers' boating experience.

So when they need to specify tenders for their boats, they come to us. Our designers get together with their designers, ensuring our tenders work seamlessly with their garage systems. Our shared passion for impeccable standards guarantees that yacht and tender are a perfect match for quality and performance. It's why Williams is the tender of choice for the world's most prestigious yacht builders.

BEST OF BOTH WORLDS

SPORTJET

Yes, it's a tender and will happily do all the things you've come to expect from a Williams tender, confidently and safely. But when it's not working hard, it likes to play hard. The blistering acceleration from the BRP Rotax engine makes it the go-to craft for legendary wakeboarding and waterskiing sessions. The sports hull delivers laser-accurate straight lines when you're towing. And when you need to turn, you can throw it into corners like it's on rails.

This is an extreme watersports craft with reassurance of Williams' heritage behind it.

NOT SO TENDER

Every inch of the Sportjet has been designed to create the most versatile yacht tender in the world. It's lightweight and powerful. Compact and spacious. There's plenty of room for socialising and getting around in comfort. But when the mood takes you, it's a high-performance craft for wakeboarding, waterskiing and thrill rides.

Thanks to the latest BRP Rotax jet propulsion system, the Sportjet is clean, quiet and safe with no exposed moving propeller. A large aft platform and bathing ladder, combined with tube step pads make it easy to get in and out. It has rear-facing seats so passengers can watch the action behind, and the spacious two-person helm seat means the driver can have company. For those who want the ultimate in power, performance, space and fun, the Sportjet is the only choice.

INSTANT OFF-THE-LINE ACCELERATION FROM THE BRP ROTAX ENGINES, WITH ABUNDANT TORQUE FOR MONOSKIING, WAKEBOARDING OR YACHT TENDER DUTIES.

FOLDING BACKREST THAT HINGES FORWARD TO CREATE A SUNBATHING AREA.

LOW OVERALL HEIGHT ACROSS THE RANGE FOR FITTING IN A WIDE VARIETY OF GARAGES OR PLATFORMS.

ADVANCED HULL DESIGN OFFERING BOTH SUPREME STABILITY AND MANOEUVRABILITY.

TUBE STEP PADS FOR GETTING IN AND OUT EASILY, TOGETHER WITH BATHING PLATFORM WITH SEADEK DECKS AND SKI POLE.

FULLY CUSTOMISABLE TO SUIT YOUR TASTES WITH A WIDE RANGE OF TUBE AND UPHOLSTERY COLOURS AND OPTIONAL ACCESSORIES.

WILLIAMS

SPORTJET

SPORTJET 345

One of the latest editions to this thrilling range gives those with smaller yachts the opportunity to truly experience these high-performance, super-fun tenders. Designed to fit on the back of 16m+/52ft+ motor yachts, it might have a smaller LOA, but that doesn't stop it seating five adults. The BRP Rotax engine also packs a punch, while the sports hull gives impressive stability to create an exceptional craft. Whether you're pulling a skier or going in search of unspoilt turquoise coves and deserted golden beaches – it's always a pleasure.

SPORTJET 395

This beautifully designed tender is made to perform, in every way. The reliable, powerful engine gives you lightning quick acceleration, while the clever social seating configuration gets passengers even closer to the action at the helm. Plus, it can seat up to six adults – extremely impressive for a tender with this LOA. The increased tube diameter also improves stability, making it less wet when its choppy, giving you greater freedom to go further, and do more. Enjoy endless memorable days of fun, relaxation and sporting action – whatever the conditions.

SPORTJET 400

Packing a massive punch, it easily reaches speeds of up to 47 mph (75 kph). Throw in your skis and boards, and get your fill of adrenalin. However, its clever layout and stable design is also perfect for yacht tender duties, and will easily fit on the back of 20m+/65ft+ motor yachts. The spacious, comfortable interior can seat up to five adults, making it perfect for exploring the local coast in style. With its convertible sunbathing pad, just find a secluded bay, drop anchor and relax.

SPORTJET 460

The Sportjet 460 has added space and a bit more growl, with a lightning-fast top speed of 48mph (77kph). The specially designed hull plants it firmly in the water for safe, straight-line tracking, yet it grips hard in the turns. When you want it for more sensible duties, it performs as a smooth, stable people carrier for getting to and from the jetty, and will fit on the back of 25m+/82ft+ motor yachts. It's equally at home as a standalone day boat for coastal exploring, as it is as a white-knuckle ski boat.

SPORTJET 520

Easily seating seven adults, the Sportjet 520 gives more space all round, whether it's stretching out on the sunbathing pad or packing everything into the three storage lockers. Don't be fooled by its size, the biggest Sportjet in the range is also the fastest. Feel the sheer exhilaration as you hit the top speed of 52mph (84kph). Towing your friends is not only easy, it's safer thanks to the jet propulsion and sports hull, which is smooth and stable, both in straight lines and blasting round corners, or waiting at the jetty for your passengers to step aboard. Blissful day trips, adrenalin-fuelled fun sessions or practical tender duties – the Sportjet 520 is master of them all.
