WILLIAMS

J E T T E N D E R S

THE WORLD'S LEADING JET
TENDER SPECIALISTS

Williams are the tenders of choice around the world because they work beautifully. Blending pure pleasure with practicality, getting from ship to shore has never been more stylish. Or more fun.

Push the throttle forward and feel the surge of adrenalin, thanks to the safe, versatile jet propulsion system. One day it's a high-performance ski boat, the next a smooth coastal cruiser. And at the end of every unforgettable day, it'll slip easily back into its garage or onto deck, because all our tenders are designed to work with the world's finest yachts.

BUILD MY TENDER on williamsjettenders.com

THE TENDER OF CHOICE

Many of the world's leading yacht builders recognise the crucial role that a tender plays in their customers' boating experience.

So when they need to specify tenders for their boats, they come to us. Our designers get together with their designers, ensuring our tenders work seamlessly with their garage systems. Our shared passion for impeccable standards guarantees that yacht and tender are a perfect match for quality and performance. It's why Williams is the tender of choice for the world's most prestigious yacht builders.

CONTINUOUS INNOVATION

TURBOJET

The original Turbojet was an instant hit. A hardworking utility vehicle that was also great fun. Since then, we've updated that winning formula again and again, upgrading its features and design. The latest version has a sports hull for improved stability and a drier ride, and an efficient engine for enhanced performance. Dive into the tightest of turns, take it on poker-straight waterskiing speed runs, or simply enjoy the smoothest ride from ship to shore. The Turbojet will handle whatever you throw at it.

EVEN MORE TENDER

The Turbojet range is not only extremely versatile, it's packed full of features that deliver a first-class experience. The Textron petrol engine offers better performance and fuel economy, making it perfect for long jaunts up river or around the coastline. The whole range is available with an optional Garmin chartplotter to help you get around safely, and every model comes with comfy SeaDek flooring, a bathing ladder and platform, perfect for impromptu midnight swims.

HIGH-PERFORMANCE, FUEL-EFFICIENT
TEXTRON 850 MPE ENGINE.

HULL DESIGNED TO BE
SUPREMELY STABLE AT REST,
HIGHLY MANOEUVRABLE IN CONFINED
AREAS AND EXHILARATING AT SPEED.

TURBOJET 285

A nimble tender that defies its size, the Turbojet 285 is designed to easily fit into the tender garage or bathing platform of most 12m to 16m (39ft to 52ft) yachts. It will take you smoothly to the quayside for supplies or a leisurely bite to eat. But open up the throttle and she'll show you a different side. The sports hull and Textron engine come into their own, carving tight circles or going flat out in secure straight lines for waterskiing bliss.

For those who want a tender with even greater performance, the 285s is also available, delivering extra horsepower and even more exhilaration.

TURBOJET 325

It's designed to get you out and about with maximum fun. You'll feel your smile get bigger, as you take her from a standstill to 25mph (40kph) in four seconds, and on to a blistering top speed of 48mph (77kph). The Turbojet 325 isn't just a speed demon, it can easily accommodate four adults and has space for luggage and supplies. Suddenly anything's possible and you can start going further afield, taking short coastal jaunts.

For those who want a tender with even greater performance, the 325s is also available, delivering extra horsepower and even more exhilaration.

TURBOJET 385

The Turbojet 385 will comfortably seat five adults and one child and has space for storage, making it perfect for days out. Explore hidden coves or pull up on a secluded beach for a private picnic. Then head off down the coast, drop anchor, lower the bathing ladder and enjoy a gentle swim in glistening turquoise waters. Then blast back to your yacht with a top end of 48mph (77kph) with the standard engine or 53mph (85kph) if you opt for the 'S' version engine.

TURBOJET 445

With room for your family and friends, the Turbojet 445 means everyone can join in the fun. Thanks to the extra space, the possibilities are endless. Fill her up with snorkelling equipment, load her up with wakeboards or pack the BBQ for a beach evening to remember. It's up to you. Or you could just keep it simple and use the mighty Textron engine for some breathtaking high-speed coastal cruising.

For those who want a tender with even greater performance, the 445s is also available, delivering extra horsepower and even more exhilaration.
